PROFESSIONAL SUMMARY

Java Full Stack Developer (B.Tech CSE, 2027) with hands-on experience building responsive web applications using **Java, React.js, JDBC, MySQL, Servlets,** and **REST APIs**. Developed and deployed academic and hackathon projects featuring **authentication**, **CRUD operations**, **database integration**, and **modern UI design**. Strong foundation in OOP and backend development. Seeking Software Development / Full Stack Internship opportunities.

EXPERIENCE

Affimintus Technologies Ujjain
Java Intern Aug 2025 – Oct 2025

- Built Java web applications using **Servlets, JSP, Bootstrap,** and **jQuery** with **MySQL/JDBC** for **CRUD operations**.
- Developed MVC-based web modules using **Core Java, Collections, Exception Handling,** and **Multithreading**.
- Collaborated in testing, debugging, and deployment of Java web applications.

IT Support & Management Lead | AWS Cloud Club Dec 2025 – Present

- Managed technical operations and event support activities.
- Assisted in troubleshooting and resolving technical issues.
- Coordinated with student teams for smooth event execution.

TECHNICAL PROJECTS

BhoomiConnect | https://bhoomiconnect.vercel.app/ Oct 2026

- Developed full-stack real estate platform using **React.js, Spring Boot, PostgreSQL (Neon)** with **3 user roles** (Buyer, Seller, Admin).
- Built **90+ REST APIs** across **20 modules** (listings, inquiries, appointments, chat, auctions, payments), documented with Swagger/OpenAPI.
- Implemented **JWT auth** with refresh tokens, SMTP-based email verification and password reset, property search, filters and wishlist.
- Added admin moderation, analytics dashboards and recommendations, and deployed live on **Vercel** and **Render**.

CareerHive | https://careerhive-xi.vercel.app/ Nov 2025

- Developed **AI-powered** career guidance platform using **React.js, Supabase, PostgreSQL**.
- Implemented job search, filtering, and personalized roadmap features.
- Integrated backend services for real-time updates.
- Collaborated in a team environment using **Git**

EDUCATION

Mahakal Institute of Technology
Bachelor of Technology(B.Tech) in Computer Science Engineering *Expected* Graduation: 2027

SKILLS

- **Programming:** Java, OOP, Collections, Exception Handling
- **Frontend:** HTML, CSS, JavaScript, React.js, Bootstrap
- **Backend:** JDBC, Servlets, JSP, REST APIs, Hibernate, Spring Framework, Spring Boot, MVC
- **Databases:** MySQL, SQL, PostgreSQL
- **Tools**: Git, GitHub, Postman, VS Code, Eclipse, Tomcat

ACHIEVEMENTS & CERTIFICATIONS

- Semi-Finalist — Odoo x NMIT Hackathon June 2025
- Finalist – **Smart India Hackathon** (Internal Hackathon) Aug 2025
- Deloitte Australia Data Analytics Job Simulation on Forage Nov 2025
